Clay City Commercial Club

Last Thursday night several persons interested in the up-building of Clay City and Powell county, met at the Council rooms in this city and organized the Clay City Commercial Club.

L. P. Keith was elected President, C. P. McIntosh Secretary, A. P. Johnson Treasurer, of the Club.

A small membership fee is imposed for the purpose of defraying necessary expenses.

The object and purposes of the Club, as the minutes record, is—

"To make Clay City a bigger and better town:—bigger, as regards population and business; better, as regards morals, church work, educational facilities, the health of the community, and the cleanliness of its streets and vacant lots."

The improvement of the Hardwick's Creek road was discussed and the subject loyally supported. The improvement of this road was pointed out as being of more importance than anything else proposed.

Each Friday night was designated as regular meeting nights. Much enthusiasm was manifested and great accomplishments are hoped for through this organization, which should grow in numbers until it embraces every live business man, professional man and farmer in this end of the county.

Rose for Assessor.

In our announcement columns this week will be found the name of W. Clinton Rose, who seeks the Democratic nomination for Assessor of Powell. Mr. Rose would make an ideal Assessor, and should be placed in this very important office, he will render efficient service. He promises that the assessments will be had by interviewing the taxpayer instead of copying from old lists. Mr. Rose comes of an honorable family of the county, who have many friends that will give him loyal support. The Times asks for him as for the many other good gentlemen seeking nominations that you give his claims full consideration when on August 4th you go to cast your ballot in the primary.

Heavy Snow

A ten inch snow fell here the first of the week, but has about disappeared. Great damage was done to telegraph and telephone about Pincastle. It took a crew of linemen from Lexington three days to put the wires back in working order.

Increase in Wages.

Section hands have been given an increase of wages on the L. & E. lines. They now receive \$1.45 per day instead of \$1.35, as formerly. This will help out a little during these high cost of living days.

New Assessor

W. J. Mountz has been selected City Assessor and will at once begin his duties as such officer. Mr. Mountz says he is just getting his hand in, ready for the county job in 1918.

C. A. Conlee Announces.

Mr. Chas. A. Conlee, of near Stanton, announces for Assessor in this issue of The Times. Mr. Conlee is a man well-fitted for the office and is one of the best citizens of the county. He is one of the retiring members of the County Board of Education, and is a good Democrat. He has large family connections, and is very popular with everyone who knows him. We present his claims to our readers, and ask them to give his candidacy due consideration at the primary polls August 4th.

No Civil Cases at Irvine

Owing to the continued illness of Judge James P. Adams, there will be no civil cases tried in the Estill Circuit Court at this session, which began at Irvine Monday morning. The local bar came to this agreement at a meeting sometime last week. All the penal cases will be tried by a special Judge elected by the bar, as there is no Circuit Judge now in the State that is not engaged in court.

New Board of Education

The new County Board of Education, recently selected and entering upon its duties March 1st, is composed of the following gentlemen: J. M. Welch, Rosslyn; J. C. Everman, West Bend; John Kinser, Pilot; J. E. Creech, Stanton. The two last named gentlemen have been members of the Board for the past two years. The County Superintendent by virtue of office is chairman of the Board.

Not the Highest Prices Yet

The statements going the round of the local press that the present price of \$13 per hundred for hogs is the highest price on record, is contradicted by our veterinarian, Dr. Easter, who says that about the close of the civil war hogs sold on the Cincinnati market for \$14 per hundred lbs., which, of course, is a slight advance over present prices.

Music Recital.

Miss Jessie Stallard will give a music recital at the music classroom in the city school building tomorrow night. Those who will take part are Misses Ethel Duncan, Esther Searles, Lulu Johnson, Grace Martin, Irma Russell, Lily Burgher, and Hoyt Brush, and Masters Gilbert White and Harry O'Rear.

Ill, of Passing Gall-stones

Robt. Henry, of Winchester, had a most severe spell with passing gall-stones, Monday, Feb. 28th, and for a time it was thought he could not recover. He is much better, now. Mr. Henry is a native of Powell, but moved to Clark several years ago.

Thos. McKinney Ill.

T. S. McKinney, of Spout Spring had a very severe setback in his illness the latter of last week, and has since been confined to his home. While much better than he was, particularly Saturday, Mr. McKinney does not improve as his many friends wish for.

No Sale Held.

The City Tax Collector had no sale for taxes last Saturday as was advertised in The Times. This was a very pleasant failure to him for all came up at the eleventh hour and paid their tax, thereby preventing the sale. These people were good people, who had no real objection to paying city tax, but were tired of doing so, while so many others refused to. But when Collector McIntosh showed them that he was making all the taxpayers come across, they were willing and ready to pay. This is fair. All should pay or none should be compelled to pay. And it seems that our Collector is determined that all shall pay.

For Assessor.

In this issue of The Times appears the formal announcement of W. J. Mountz of this city for Assessor, subject to the action of the Democrats of the county. Mr. Mountz is a gentleman that is well qualified for the office and promises that should he be elected he will call personally on each taxpayer in the county for their assessment. Mr. Mountz comes from one of the best families in the county, and they are all Democrats, none of whom have ever asked for a county office. The Times passes his claims up to the Democrats with the assurance that they will give proper consideration to his claims.

The Popular Ford.

The popularity of the Ford automobile is well demonstrated by the fact that the Lancaster agency for the Ford last week gave orders for four car loads, the value of which is over \$10,000.00. No other machine in existence is near so popular. The local Ford agent, A. T. Whitt, has also been taking many orders for this famous car.

A Fine Paper

The Hazel Green Herald, under the efficient management of Editor James I. Holton, is certainly one of the best local papers in Kentucky, notwithstanding the fact that Hazel Green is off the railroad. The last week's issue had twenty-one correspondents from county points, all full of news, in addition to local home pickups.

Comes Well Recommended

Carter Vancleve moved to Powell county Saturday, where he has purchased a farm. In Mr. Vancleve this county loses a good citizen, besides a successful farmer and a Christian gentleman. The Tribune wishes him success at his new home in our neighbor county.—The Wolfe County Tribune, Campton.

Notice to Officers and Members Clay City Christian Church.

Elder J. E. Barbee of Lexington, will preach at the Christian church, Sunday March 11th, at 11 o'clock, and also at night. All officers and members requested to be present, as the church might desire to call him for the present year.

STANTON.

(By P. O. Derthick.)

Willie Garrett of Bowen was here Monday attending court.

J. D. Atkinson was in Irvine attending Circuit Court Tuesday.

Henry Williams of Gordonton is here visiting his father, Mr. J. W. Williams.

Mr. and Mrs. Fred Blackburn visited in Winchester several days this past week.

Charley Stephens and wife of Clark county are visiting with his grandfather, Luther Stephens across the river.

Richard Barnett has moved his family to the property he recently bought next to where Tilford Ahney used to live.

Mr. and Mrs. Bert Crowe are rejoicing over the arrival of a baby girl, which came Sunday morning. Congratulations!

Larkin Stamper of Winchester was here two days of this week on business. He says he expects to move here in about a month.

The people of Stanton owe to Mr. J. D. Atkinson their thanks for the use of his horse in the clearing of the snow off from the sidewalks, last week.

Will Harris and his brother Ben, of Vortex, were here this past week on business. The former came to look after some land of his in the oil fields.

Will Marcum, who has been for several months on the border, has returned and preached three nights on Hatton Creek, and left last week for Richmond, where he has entered the State Normal.

Algin Derickson of Breathitt is here this week on business. He has sold out his large farm at Hampton, on the O. & K. to Z. T. Hurst, and the store to Mr. Brewer of that place. He expects to put two teams to work soon in the oil fields.

Mrs. S. K. Baird of Gordonton was here this past week to see her father, Mr. John W. Williams who was so seriously hurt when thrown from his horse. He is doing very nicely now though he still suffers much, but it is thought that in a few days he will be able to get around about the house.

Monday was County Court Day and a large crowd was present. Many candidates were here shaking hands with many friends, and there seemed a friendly spirit among all of them. Among some of those present were Fielding Powell of Rogers Chapel, Dr. Albert Easter and Elder W. A. Smethers of Powells Valley, H. G. Crabtree, Bruce Smith, Mr. Bush, Mr. Hardy, Mr. McGuire the merchant, and Edward Rose and son of Clay City, and Grant Baker and Charles Welch of Vaughns Mill.

A letter from Harvey Wells to his mother, Mrs. J. W. Williams, tells of his interesting life in the Navy, of the many places visited, of the fine training and discipline they receive and of splendid opportunities the Navy offers young men. Harvey is somewhere on

the waters of the earth, his whereabouts not allowed to be disclosed by Uncle Sam for reason of Germany's war attitude. We are glad to know Harvey is doing so well, and that he likes it. He expects to be home in two or three months on a visit.

A lecture will be given at the Presbyterian church this coming Friday night, March 9th, by Samuel W. Grathwell of California. Mr. Grathwell is a man of national reputation as an orator. He won four out of seven state oratorical contests. He campaigned the states of Washington and Oregon and helped largely to make them dry states. He is in great demand everywhere but is giving his time to talking to the college young men over the country. We are very fortunate to get such a man as Mr. Grathwell to come to Stanton. It will pay you all to come out and hear him. The lecture is free, but a free-will offering will be taken.

The writer was one of those who first urged Robert Conlee to announce for sheriff. While there are other good men who have since come out for that office the writer feels that Powell county could not do better than Robert. He is a clean man, of splendid character, of fine morals, with a lovely wife in a beautiful new home. He is big enough to arrest any man, and is a genial, all-around, pleasant fellow. Other candidates are out who would probably make just as good a sheriff, but it was understood over a year ago that Robert Conlee would announce for the office and the writer then pledged to him his support.

Otis Allen, of Rosslyn, was tried Monday for being the father of Annie Morton's child, and the jury found him guilty and bound him to pay the child \$12.50 a month till it is sixteen years of age. Rather stiff medicine, some think, but it serves the young man right. Annie was a poor motherless, almost fatherless, girl of fifteen years of age; with nothing of her own except as her uncle Dick Morton provided for her. It would not have been right for this weak, almost defenseless, girl so young in years to have borne her shame alone. There should have been a law compelling Otis to marry her and to have seen that he treated her kindly, provided for her bountifully, and made her a good home. Once in a while a girl like this rises above her shame and makes a splendid woman and is respected by everybody—but not often. On the other hand, the young man can go with almost any girl he wishes to. He mingles freely with former companions and associates as though nothing had ever taken place. His disgrace is soon forgotten. And so, because he will not suffer from his shame, we are glad that he is compelled to pay this \$12.50 a month. We trust it will be a lesson to him. And even now we would advise him to marry the girl, make her a good home and stand by the one he has so badly hurt.

The Department of Justice had barely begun to take action against the rapacious paper trust which has borne so heavily on the Times and every other local paper in the country, when it yielded, offering to allow the Government to name a "commission" to fix the price of paper. There have been many bad trusts uncovered in the past, but it seems that the paper trust has been one of the most soulless of them all. Within two years the price of print paper has advanced from 2½ a pound to 8 and 9 cents. This trust was formed for the purpose of skinning the public for all it will stand. The high price of paper has been a heavy blow to

the small dailies and the country weeklies, and even the big dailies.

The act of the paper trust in consenting to the government fixing prices, is the first step in this direction which is very likely to be followed by many others. There is a strong feeling in Congress and throughout the country that a law should be passed authorizing the government to fix the prices of food and other necessities of life. For instance, the farmers sold their potatoes last fall at \$1.25 per bushel. They have been bought up by the speculators who are now selling them at \$3 per bushel wholesale. Other vegetables have fared similarly. The government should step in and fix the price of say, \$2 per bushel as the maximum price for potatoes and if anyone sells them above that price then confiscate the goods, the same as they do in France and Germany and other places where the speculators are oppressing the poor so severely.

The latest clock far worn in the way of prohibition is a proposition to have a National Liquor Commission appointed by President Wilson; this commission to make an investigation of the situation to see if it is advisable to do away with liquor. The article dealing with the subject says, "no harm could come to either position from such a survey. Much harm may come through legislation founded upon impulse and ignorance."

The liquor people must presume that all prohibitionists are ignorant. Well; we think the most ignorant of all prohibitionists is as well qualified to enact laws for our country as the brightest of all minds when they are tanked up with old red-eye liquor.

The mail pouch system promised us when the clerk was taken from the morning west bound train has also been abandoned, so that we now have but two mails a day, instead of four. When the department sent a man over the L. & N. lines from Lexington eastward, and he returned and promised an improvement of the mail service, we were jubilant, thinking that he was in earnest. But it turns out that there has been taken from us that which we already had. Very poor consolation to us in such improvements for other people. We have nothing to hope for, the cards are stacked against us by the powers that be.

The organization of a commercial club in this city when it gets down to business right should be made of untold benefit to Clay City and the whole western portion of the county. There is no end to the work for the club to do. Some are very reticent about the matter on account of the failures in so many previous ventures in developing. The old saying, "If at first you don't succeed; try, try again," should be brought into use and our very best efforts put forward.

SPRING COLDS ARE DANGEROUS

Sudden changes of temperature and underwear bring spring colds with stuffed up head, sore throat and general cold symptoms. A dose of Dr. King's New Discovery is sure relief, this happy combination of antiseptic balsams clears the head, soothes the irritated membranes and what might have been a lingering cold is broken up. Don't stop treatment when relief is first felt as a half cured cold is dangerous. Take Dr. King's New Discovery till your cold is gone.

"Clean Up the Bowels and Keep Them Clean"

There are many remedies to be had for constipation, but the difficulty is to procure one that acts without violence. A remedy that does not perform by force what should be accomplished by persuasion is Dr. Miles' Laxative Tablets. After using them, Mr. N. A. Waddell, 315 Washington St., Waco, Tex., says:

"Almost all my life I have been troubled with constipation, and have tried many remedies, all of which seemed to cause pain without giving much relief. I finally tried Dr. Miles' Laxative Tablets and found them excellent. Their action is pleasant and mild, and their chocolate taste makes them easy to take. I am more than glad to recommend them."

"Clean up the bowels and keep them clean," is the advice of all physicians, because they realize the danger resulting from habitual constipation. Do not delay too long, but begin proper curative measures.

Dr. Miles' Laxative Tablets are a new remedy for this old complaint, and a great improvement over the cathartics you have been using in the past. They taste like candy and work like a charm. A trial will convince you.

Dr. Miles' Laxative Tablets are sold by all druggists, at 25 cents a box containing 25 doses. If not found satisfactory after trial, return the box to your druggist and he will return your money.

A Letter to You from the West

Post Falls, Idaho,
Feb. 22, '17.

Editor Times:

If you will allow me a little space in your valuable paper, I would like to write a letter to the family of The Clay City Times.

Dear Readers of The Times, Greetings! Well here we are in the far-away West. We left old Kentucky in the year 1901; came to Idaho and took up a homestead. We stayed on it five years, proved up on it and afterward sold out and moved to the State of Washington. Lived there one year and then came to this part of Idaho.

We are located in the Spokane Valley, between Spokane City and Coeur d'Alene City; 22 miles from the first named place and 12 from the latter. Spokane has a population of 130,000 and Coeur d'Alene City, located on a beautiful lake thirty miles long by an average of five wide, has 8,000 people in it.

The Valley of Spokane is about four miles wide. We have four lines railroad up the valley—Milwaukee, International, Northern Pacific and the Electric; also the main trunkline automobile road, called The Apple Way. We have irrigating ditches through the valley, operated under a good system.

Our principal product is fruit, such as apples, pears, cherries, prunes, peaches, and most all kinds of small fruits, and most all kinds of vegetables.

We have four churches, the farthest one about two miles; besides four in Post Falls, and a good school nine months in the year.

We have a fine climate—seeldom gets below zero.

Well, your good, newsy paper comes once a week and it is just like getting a letter from home. But the news is not always joyous. We see so many of our old friends have passed away—gone out in eternity. Oh, eternity; it is so long! Where will we spend it—Heaven or Hell?

Well, I was brought up in Powell county, spending four years of my life in Clay City. I was there as a clerk in C. W. Barnett's dry goods store when the big mill was building and the carpenter hammers were heard in every direction. I married Sadie Combs, daughter of Hon. Wm. Combs, of Stanton, Ky.

I will close by saying if anyone who reads this should be interested in this part of the West I will answer any letter of inquiry the best I can.

With best wishes to all,

Yours truly,

C. M. VENTERS.

HERE'S A HAPPY "TANLAC FAMILY"

Sisters Join Their Mother In Declaring Tanlac Meant New Start In Life For Them.

MRS. JOHN LOWE.

MISS FRANCES BURNETT.
MRS. S. C. BURNETT.

"Someone suggested the other day that we tack a sign on our house saying, 'This Is a Tanlac Family.' That's because my two daughters and I talk so much about Tanlac. We all wear the Tanlac Smile, too," Mrs. S. C. Burnett, 1408 Walnut street, said.

"But why shouldn't we talk about it when we feel that it has done us a world of good. Everyone of us has been helped by Tanlac and I'll tell you we can't say too much for it."

"First my older daughter, Mrs. John Lowe, tried it. She had lost 30 pounds and was so run down and nervous that even the rumbling of a wagon or the slamming of a door would upset her for hours. We feared we would have to send her to a hospital."

"I honestly believe that Tanlac saved her from complete breakdown. Nothing else seemed to help her. But Tanlac put her on her feet again right quick. Today she is one of the happiest women in Cincinnati."

"Then Frances became run down—sort of half-sick. She had dizzy spells. We were going to take her out of school because she kept complaining of spots and webs before her eyes. Her complexion got pasty and she didn't look a bit well. Tanlac, however, proved to be just the thing she needed and now she is back in good health again."

Mother Was Half-Sick.

"As for myself, I felt almost the same as Mrs. Lowe. My stomach troubled me. My appetite was poor and I suffered after eating with bloating and belching of gas. But with the help of Tanlac I got rid of these troubles and now I feel simply splendid."

"But I started out at first to tell

you about Mrs. Lowe. She simply thought she was going to die. She felt so bad I believe she almost would have been glad to have it all ended. It was just pitiful to watch her. Her weight dropped from 140 to 110 pounds. She couldn't eat without being sick. We had just about given her up. Then we heard of Tanlac and she tried it. All of a sudden she seemed to take new interest in life. Within a week she began eating solid food, just like she did before she had trouble with her stomach. The food nourished her, too, and she began taking on weight. She slept sound and it seemed like no time before she was feeling well again."

Helps Youngest Girl.

"One day Frances was up to see her sister. She's the youngest, you know. She was feeling bad and Mrs. Lowe gave her some Tanlac. It made her feel better and she came home and said, 'Mama, I believe that new tonic that helped sister will do me some good. Please get me a bottle.' So I did and do you know that in a week she began to feel better. Now she eats all she wants, sleeps well and doesn't have those dizzy spells or spots before her eyes when she is studying."

"I was such a firm believer in Tanlac by the time it had built up the health of my two girls that I got some for myself. It certainly toned up my system. I used to have nervous spells but they are all gone now. I got back my appetite and now I sleep as well as I did before my stomach started to bother me."

"I tell you Tanlac has done a lot for our family and we can't say too much good about it."

TANLAC can be obtained in CLAY CITY at Eaton & McGuire's.

Make Your Baby Healthy
Children who are healthy are happy. Baby's health is the mother's joy. It tastes good. It's a tonic. It will turn a sick child into a happy smiling one. Because—It purges the bowels, coating on a feverish, inflamed, itching throat. It helps coughs and stuffy, wheezy breathing. It stops coughs quickly, and it wards off croup. It contains no opiates, does not upset a delicate stomach, and the last drop in the bottle is just as good as the first. Try it.

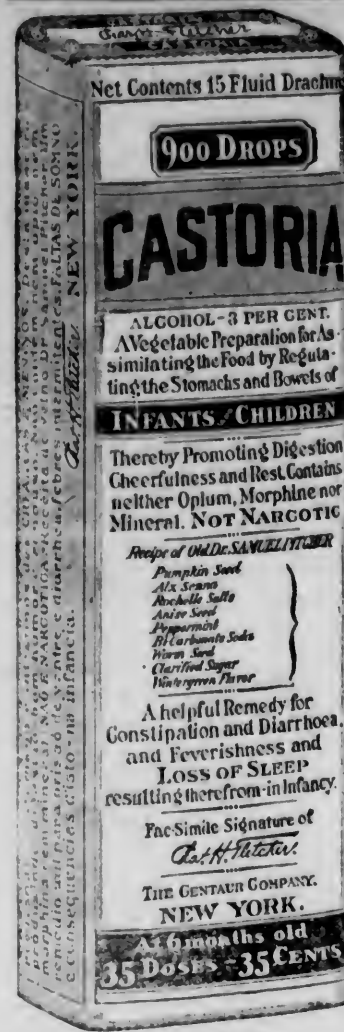

the Lamp Oil that Saves Eyes

Nothing is more important in the home than clear, steady light. Insure this by getting the oil that burns clear and clean without a flicker down to the last drop. Pennsylvania crude oil refined to perfection. Costs no more than the inferior kerosene oil—saves MONEY—saves WORK—saves eyes. Your dealer has SOLITE OIL. In barrels direct from our works.

You Need a Tonic

There are times in every woman's life when she needs a tonic to help her over the hard places. When that time comes to you, you know what tonic to take—Cardui, the woman's tonic. Cardui is composed of purely vegetable ingredients, which act gently, yet surely, on the weakened womanly organs, and helps build them back to strength and health. It has benefited thousands and thousands of weak, ailing women in its past half century of wonderful success, and it will do the same for you. You can't make a mistake in taking

CARDUI

The Woman's Tonic

Miss Amelia Wilson, R. F. D. No. 4, Alma, Ark., says: "I think Cardui is the greatest medicine on earth, for women. Before I began to take Cardui, I was so weak and nervous, and had such awful dizzy spells and a poor appetite. Now I feel as well and as strong as I ever did, and can eat most anything." Begin taking Cardui today. Sold by all dealers.

Has Helped Thousands.
